

REDUCE the BURDEN

North Carolina Diabetes Advisory Council

Joanne Rinker MS, RDN, BC-ADM, CDCES, LDN, FADCES
DAC Co-Chair
Association of Diabetes Care and Education Specialist

Chris Memering, MSN, RN, CDCES, FADCES
DAC Co-Chair
CarolinaEast

The NC Diabetes Advisory Council (NC DAC) is an advisory group working to [reduce the burden](#) of diabetes through coordination among stakeholders in diabetes prevention and management in North Carolina.

Core Responsibilities

- Emphasize screening and prevention, early detection, treatment and self-management training for diabetes prevention and control as a health priority for all North Carolinians.
- Use clinical advancements, data and technology to provide scientific credibility and public validity for new service priority areas and interventions.
- Foster interagency collaboration and networking for identification, utilization and expansion of resources for diabetes prevention and control services.
- Evaluate, present and propose strategies for the prevention and control of diabetes in North Carolina in terms of assessed need, estimate costs, potential benefits and probability of success of each strategy.
